

# SWETA PANDEY

Program & Operations Manager | Growth, Delivery & Team Leadership | AI-Enabled Process Design

Gurugram, India | sweta.pandey1911@gmail.com | +91 9599765317 | linkedin.com/in/sweta-pandey-22999532

MASTER RESUME — comprehensive source document. Trim and re-angle per role before sending to any employer.

---

## PROFESSIONAL SUMMARY

Versatile program, operations, and growth leader with **7+ years** of experience across SaaS, EdTech, and higher-education environments. Track record spans **team leadership** (10–15 direct/indirect reports), **vendor and stakeholder management**, **escalation resolution**, and **metrics-driven delivery**, alongside **admissions growth and marketing campaign leadership** that delivered **30% YoY** institutional growth. Comfortable owning a functional area end-to-end — from instructor/learner program operations for a **500+ person FAANG/Tier-1 instructor network**, to cross-functional GTM and admissions initiatives spanning **60+ concurrent programs**. Uses an **AI-enabled toolkit** (ChatGPT, Claude, Perplexity, Make) to improve visibility, throughput, and decision-making. Adept at building repeatable, measurable systems in ambiguous, fast-scaling, playbook-free environments.

---

## CORE COMPETENCIES

### Delivery, Tools & Methods

Metrics & KPI Tracking • Stakeholder Reporting • Agile / Scrum / Kanban • OKRs • Jira Administration • Notion • AI-Enabled Automation • Data-Driven Decision Making

---

## PROFESSIONAL EXPERIENCE

### Assistant Manager – People Partnering (Program & Instructor Ops) | Interview Kickstart Remote | Jan 2025 – May 2026

- Own end-to-end delivery for **15+ instructor enablement programs** across multiple time zones, setting and tracking KPIs for throughput, CSAT, and issue-resolution turnaround.
- Lead the operational lifecycle for a **500+ person FAANG/Tier-1 instructor workforce**, redesigning onboarding workflows to cut ramp-up time by **30%**.
- Serve as the primary escalation point between instructors, internal teams, and stakeholders — resolving logistical and communication issues before they impact delivery.
- Manage cross-functional Jira boards for PM, Ops, and Product teams, improving visibility and accountability across the group.
- Deployed AI-driven reporting (ChatGPT + Make) to summarize project updates, automate Jira ticket comments, detect blockers in sprint retros, and flag delivery risk early — reducing manual reporting effort.
- Rated **3.85/4.0** ("**Distinctly Exceeds Expectations**") for delivery ownership and operational clarity.

### Growth & Strategy Lead, Founders' Office | Masters' Union

Gurugram | Mar 2024 – Feb 2025

- Led a **10-member cross-functional team** across **60+ concurrent** learning and marketing initiatives, owning planning, execution, and reporting.
- Managed vendor, partner, and internal stakeholder communication to keep dependencies and deliverables on track.
- Built Notion/Slack-based dashboards to track team metrics, task completion, and engagement analytics, improving project turnaround time by **25%**.
- Introduced sprint-based planning for events, GTM activities, and onboarding — creating a repeatable model for future headcount and workload planning.
- Designed new reporting formats combining Jira-style metrics with team sentiment dashboards for leadership visibility.
- Used an AI stack (ChatGPT, Claude, Perplexity) to generate retrospectives, status summaries, and automation scripts that reduced manual reporting.

### Lead – Admissions Growth & Brand Marketing | Masters' Union

Gurugram | Mar 2020 – Aug 2023

- Delivered **30% YoY growth** by building a scalable operating structure coordinating marketing, academic, and operations pods within a higher-education institution.
- Managed **10+ concurrent projects**, prioritizing time-critical deliverables and balancing multiple stakeholder demands independently.
- Implemented CRM-based process automation to reduce manual tracking and close gaps in lead/customer follow-up.

#### **Admissions & Outreach Consultant | Indian School of Business & Finance**

*New Delhi | 2018 – 2020*

- Managed multi-city academic outreach projects and data workflows; improved conversion **20%** through CRM dashboards and process tracking.

#### **Business Development Manager | AIETS (Disha Publications)**

*Noida | 2017 – 2018*

- Built a national partner/franchise network (**25+ partners, ₹1.2 Cr revenue**) in the education sector; ran partner enablement, training, and performance operations.

### **KEY ACHIEVEMENTS**

---

- Scaled instructor lifecycle to **500+ mentors**; built PM dashboards for delivery alignment.
- Automated cross-team task tracking with AI-integrated Jira & Slack workflows.
- Delivered **100+ programs** with measurable efficiency and partner satisfaction improvements.
- Consistently recognized for “Founder-style accountability and execution clarity.”

### **EDUCATION**

---

- M.A., University of Lucknow
- B.A., University of Delhi
- Diploma, Geospatial Technology – GIS Institute

### **TOOLS & TECHNICAL SKILLS**

---

**PM & Ops:** Jira, Notion, Trello, Asana, Gantt Charts, Google Workspace, Slack, Discord

**CRM & Data:** Salesforce, HubSpot, Merrito, Metabase, Sheets, Tableau (basic)

**AI Stack:** ChatGPT, Claude, Perplexity, Make (Integromat), Agentic Workflows

**AI Use Cases:** project status summarization, sprint retros, automated dashboards, risk alerting, knowledge-base queries

**Methodologies:** Agile, Scrum, Kanban, OKRs
